Grants

- Principal investigator for the Global Corruption Observatory project funded by the Open Society University Network. Budget: 600,000 USD
- Scientific coordinator for [DIGIWHIST](#): The Digital Whistleblower, an EU funded project collecting procurement data and developing corruption indicators. Budget: 3 million EUR
- Co-principal investigator for a World Bank financed impact evaluation project looking at the impact of the e-procurement system on corruption in Bangladesh. Budget: 1 million USD
- Co-principal investigator for a DFID-funded [research project](#) looking at curbing corruption in development aid. Budget: 900,000 GBP
- Lead researcher for [ANTICORRP](#) at Corvinus University of Budapest, EU financed project assessing anticorruption policies in Europe. Budget: 300,000 EUR (of total 10.4 million EUR)

Selected policy impacts

Estonian Ministry of Justice: It published its own calculations based on my data and methodology to inform local elections and highlight corruption risks in municipal administrations.

European Investment Bank: It uses my data and indicators to target audits across Europe.

Italian Anticorruption Agency: It changed its data collection processes as a result of my research pointing out systemic weaknesses.

OECD-Sigma: It uses my indicators and data to benchmark EU accession countries since 2017.

World Bank Latin America and Caribbean group actively promotes my work internally in the Bank and to client countries such as Peru, Brazil, and Paraguay organising workshops and developing online analytics tools.
